ilid Proposals, Modified by Efforts to Turn Down Republican

The politicians around City Hall this morn ing had John J. Ryan, Territorny leader of the Twenty-fifth District, slated for the appointment of Commissioner of Public Works by Mayor-elect Offroy. Mr. Ryan is now Superin Mr. Gilroy's Department. This advance-ment it is said, would be in line with Mr. Gilroy's proposed policy to secure efficiency and promote economy in the public service, by promoting competent employees.

Leader Ryan is one of those politicians who believe that electioneering should never cease from election day to election day. Ac cordingly he is continually building up his organization to swell the Tammany majority in his district, which Nov. 8 looted up nearly 3,000. Last night Leader Ryan called a mass treet and Third avenue, and organ will be known so the sarbem Club. The number of Tammany sachems was then and

Ex-Police Justice Jacob M. Patterson is making every effort to strengthen his skirmles lines pryparatory to the battle at the ideputican primaries of Pcc. 12. In the Sixth District, where George Hilliard is leader, he will run William H. Huber to supplant Hilliard. He struck the first blow by having the Federal Club, the leading Republican organization of the district, pass resolutions expressing lack of confidence in Hilliard. The latter was formerly one of Fatterson's strong-est adherents.
